Wish you'd kept that cash?

Have you bought something in the last three months and wished you'd used a finance product to keep the cash in your bank account? We can help.

Sale and hire purchase or lease back agreements allow you to refinance an item via a hire purchase or lease agreement. You effectively sell it back to a lender, so you have cash in your account, and then pay the lender back over a fixed term. As with a regular hire purchase agreement, at the end of the term, you own the item outright but with a lease agreement there is no automatic ownership.

The sale and hire purchase or lease back agreements give you fixed monthly payments and there are flexible deposit terms available.

In the last few months, we have completed sale and hire purchase back deals for vehicles, equipment and machinery - both hard and soft assets. One key thing to note is that there is a 90-day limit to being able to move an item onto a sale and hire purchase back agreement meaning anything you've bought in the last three months we can look at for you.

If you want to have a chat about any of the above then drop us an email or give us a call on 0345 565 2603.

Best Wishes
BEN & PAUL
