

**February 2024**

**Want to pay less tax?**

Year end is an important milestone in any business year and the ideal opportunity to save you tax.

Reviewing your **Annual Investment Allowance** at this time of year gives you the opportunity to make decisions regarding much needed purchases for your business, while off-setting the capital cost against your tax liability.

The annual investment allowance is a government scheme to promote businesses to invest in capital purchases offering tax deductions when you do so. You can claim capital allowances when you purchase:

- Equipment
- Machinery
- Vehicles

If you buy something through a hire purchase agreement you can even claim for the payments you've not yet made when you started using the item.

If you're thinking of making purchases for your business call us today on 0345 565 2603. We really should be your first port of call not your last resort.

Best Wishes

**BEN & PAUL**

The image shows a dark blue banner with the Acorn Commercial Finance logo on the left, which includes the word 'Acorn' in large white letters and 'Commercial Finance' in smaller blue letters above it, with a blue hand icon. To the right of the logo is a list of services in white text, and on the far right is the company's website and phone number.

- asset finance
- commercial loans
- bridging loans
- invoice finance
- business loans
- acquisitions
- MBOs
- cash flow
