

January 2023

Find out how Acorn Commercial Finance can help you

It's the end of January already and we've had a busy start to the year. We know everyone is working hard but please do take a few minutes to cast your eyes over this mailer - there might just be something you're needing to read right now for the benefit of your business.

Let us help you get some additional cash into your business.

We're hearing so many businesses say they need more cash for new equipment, to fund the next project or to give cashflow for growth. Refinance deals offer a great way to use the equity in your assets to inject that much-needed money into your business. Some of the key benefits can include:

- a quick decision can be made
- refinance is secured only against your existing assets
- consolidation of debts may reduce your monthly payments

Here's an easy question ... who wants to pay less tax?

The annual investment allowance is still set at £1m until March 2023 but there is also a 130% super deduction available for new plant and machinery until March as well. Time is running out though as this can only be claimed on expenditure incurred between 1st April 2021 and 31st March 2023.

Give us a call to see how we can help you finance your equipment and make sure that you're investing back into your business in the most tax-efficient way.

Countdown to the new registration plates is on!

The 1st March is on the horizon when the new 23 plate will begin to appear on new cars. Are you needing finance for a new vehicle for you or your business?

We've sourced finance for new cars, used cars, electric cars, vans, motorbikes, classic cars and mobile catering units - to name a few! We can secure deals for limited companies, sole traders and personal use vehicles. Call us today to discuss your vehicle needs.

Making a Difference

Thank you to everyone that helped us raise over £200 for Blood Cancer UK last year. This year we're staying closer to home and will be giving a monthly hamper to [a local food bank](#). Find out more

including how you can get involved if you're popping in to see us.

We're looking forward to working with you this year so please do get in touch; we do love a chat over a cuppa!

Best Wishes
BEN & PAUL
