A reminder of how we can help you

We've had a great break, are rested and raring to go. We know everyone is working hard but please do take a few minutes to cast your eyes over this email - there might just be something you're needing to read right now for the benefit of your business.

As you consider your new year plans, please remember that we will work to find **financial solutions that work for your business.**

We can provide finance for property developments, refurbishments, bridging loans, invoice finance, cash flow, acquisitions and business loans.

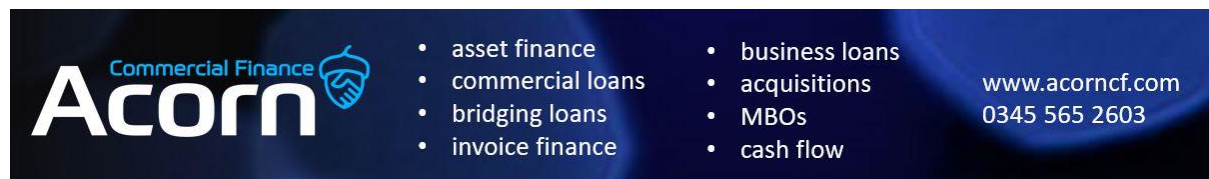

We can offer a range of finance products including hire and lease purchase, finance lease, commercial loans, contract hire, operating lease and refinance.

We also specialise in sourcing finance for all vehicle types: director cars, fleet finance, personal car finance, new vehicles, used vehicles, electric cars and vans, motorhomes - you can drive it ... we can finance it!

With over 40 years experience in the SME market and access to over 90 lenders we're confident we can find a solution for you. We're looking forward to working with you this year so please do get in touch; we do love a chat over a cuppa.

Best Wishes

BEN & PAUL
