This is how Acorn can help you

We just wanted to take a few minutes to remind you exactly what we can do and who we can help. We're here for all the SME businesses – those businesses that account for over 60% of the employment and around 50% of the turnover in the UK private sector* – a group that must be supported.

- ✓ different business set ups: sole traders to limited companies
- ✓ all manner of assets: machinery to vehicles to office furniture - as well as boats, security systems and websites.
- ✓ various finance options: hire and lease purchase, finance lease, commercial loans, contract hire, operating lease, refinance, mortgages, fleet finance, secured and unsecured business loans
- ✓ vehicle finance: director cars, fleet finance, personal car finance, new vehicles, used vehicles, electric cars and vans, racing cars, motorhomes, motorbikes – you can drive it ... we can finance it!
- ✓ deals of all values: from £1,000 to £20 million

So what we're saying is, **if you have a finance business need or want to chat through some ideas, then get in touch because we're confident we can help you too.**

Best Wishes
BEN & PAUL
