Find out why you should use a finance broker

We've been asked before and no doubt we'll be asked again 'why would I use a finance broker?' So let us enlighten you with answers to the top questions put to us.

I've recently started my business. Can I borrow money?

YES, with the right background and experience money is available for most start-up businesses.

I've asked my bank but they can't help. Can you?

YES, with over 65 lenders on our panel we're confident we'll have a lender that can support you.

I've got bad credit. Can you help?

YES, as long as we know the underlying circumstances we can usually help.

My business is growing and I need cash. Can you help?

YES, products like cashflow lending and refinance are great tools to help you grow your business.

I haven't got time to find the best / most competitive deal for my business. Can you do that for me?

YES, we can approach our panel of lenders saving you time and effort so you can focus on your own business.

I'm buying some second-hand equipment. Can you help with that?

YES, we have a number of lenders who have a strong appetite for used equipment and vehicles and this forms a significant part of our lending book.

Can I speak to you direct?

YES absolutely; a strong working relationship is central to our business - nothing beats a good conversation.

We really should be your first port of call not your last resort as everyone else has been unable to help you. Think you might want to have a chat with us? Pop an email over to us or give us a ring on 0345 565 2603 and we can chat more.

Best Wishes

BEN & PAUL
