This is how Acorn can help you

We just wanted to take a few minutes to remind you exactly what we can do and who we can help. We're here for all the SME businesses – those businesses that account for over 60% of the employment and around 50% of the turnover in the UK private sector* – a group that must be supported.

We've helped a variety of customers from sole traders to limited companies. As you'd expect, we've found finance for machinery to vehicles to office furniture as well as boats, security systems and websites. We've sourced, agreed and completed on mortgages, secured and unsecured business loans and fleet finance.

We can provide finance for property developments, refurbishments, bridging loans, invoice finance, cash flow, acquisitions, business loans, management buy-outs and buy-ins.

We can offer a range of finance products including hire and lease purchase, finance lease, commercial loans, contract hire, operating lease and refinance.

We also specialise in sourcing finance for all vehicle types: director cars, fleet finance, personal car finance, new vehicles, used vehicles, electric cars and vans, racing cars, motorhomes, motorbikes – you can drive it ... we can finance it!

We've arranged deals from £1,000 to £20 million. So what we're saying is, **if you have a finance business need or want to chat through some ideas, then get in touch because we're confident we can help you too.**

Best Wishes

BEN & PAUL

The footer features the Acorn Commercial Finance logo on the left, which includes the word 'Acorn' in a large, bold, white font, with 'Commercial Finance' in a smaller blue font above it and a blue hand icon to the right. To the right of the logo is a list of services in two columns, each item preceded by a white bullet point. On the far right, the website URL 'www.acorncf.com' and the phone number '0345 565 2603' are displayed in white text against a dark blue background.
