

November 2023

Do you need a cash injection?

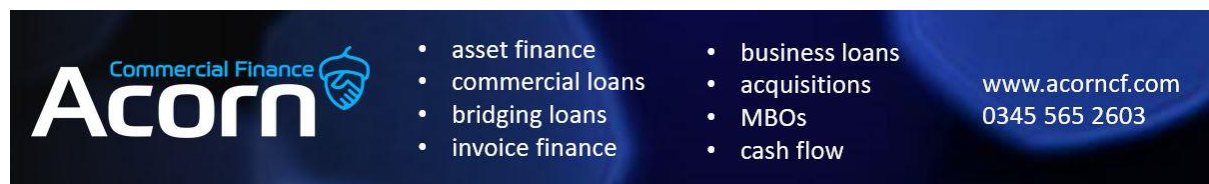

As we move quickly into winter and the holiday season is fast approaching, we know that many of you will be juggling your business finances as you manage a busier than normal or quieter than normal period. We wanted to reassure you that we're here and ready to help with any of your business finance needs.

It can be a tricky time to manage your cashflow with payments maybe coming in late or your business requiring more stock and / or staff. **We can help with an unsecured loan, where the business does not have to offer property as security, though a personal guarantee may be needed.**

In the last few weeks, we've supported a retail business with a £75,000 loan to cover additional stock and staffing as they reach a particularly busy time of the year. Conversely, we've also helped a construction business with a £50,000 loan as they come into a quieter period.

Please be assured that we are just a call or an email away and we look forward to chatting with as many of you as need our help over the coming weeks.

Best Wishes
BEN & PAUL

The footer features a dark blue background with the Acorn Commercial Finance logo on the left, which includes the word 'Acorn' in large white letters and 'Commercial Finance' in smaller blue letters above it, accompanied by a blue acorn icon. To the right of the logo is a list of services in white text, and further right is the company's website and phone number.
