

November 2023

Talk to us about your business vehicle finance

With the colder months closing in, now is a good time for businesses to look at their fleet and company vehicles to ensure there's time to make changes before we succumb to the harsher weather conditions ahead. Having vehicles off the road for any period of time can prove costly so **planning ahead to invest now makes perfect business sense.**

This year we've financed all things wheeled including:

trucks

vans

trailers

ambulances (including Patient Transport Service vehicles)

taxis

recovery vehicles

coaches and minibuses

Director vehicles

single vehicles

larger fleets

Our rates are highly competitive, plus we're able to structure the finance to suit your business and budget, including payment holidays and VAT deferrals. If you want to have a chat about your business vehicle finance needs give us a call or drop us an email.

Best Wishes

BEN & PAUL
