

**October 2023**

**Bet you didn't know we could finance these ...**

We know that you know that we can help source finance for vehicles, property and equipment. But that's not all! We've told you before and we'll tell you again but please remember that **we work to find financial solutions that work for your business.**

In the last six months or so we've managed to secure funding for circumstances that will probably surprise you a little including, but not limited to, the following:

- a boat
- shop and office fit outs
- solar panels and wind turbines
- alarm and security systems
- temporary farm buildings
- water coolers
- a website
- stocking finance for non-perishable foods

Basically, if you're buying something and have an invoice then we're confident we can support you with the finance.

If you're not sure if we can help give us a call or drop us a line - we've not found a business or an industry yet where we can't offer a solution!

Best Wishes

**BEN & PAUL**
